3. Operational Observations & Key Notes

- **Clinical & Medical Support:** Strong ongoing collaboration with Dr EJ Galpin for local patient consults, laceration repair/suturing, and after-hours advice.
- **Multi-Agency Coordination:** Gardmed, State/Metro EMS, Municipal Ambulance, Hitec, and SAPS provided effective multi-agency support across high-acuity trauma and MVA scenes.
- **Consumable Stock Audit:** High consumption of trauma bandages, sterile gauze, face masks, cold packs, and medical oxygen noted during October callouts. Kit replenishment is recommended prior to November.
